

STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL  
PROTECTION  
NOTICE OF INTENT TO ISSUE PERMIT  
ID NUMBER 0730099-004-AC

The Department of Environmental Protection gives notice of its intent to issue a permit to the Leon County Board of County Commissioners to construct two landfill gas flares at the Leon County Solid Waste Management facility located at 7550 Apalachee Parkway, Tallahassee, Leon County. These two flares are identical to the existing operating flare at the facility. They are used as a safety device to prevent a buildup of landfill gases. Potential emissions resulting from the operation of the two flares will be approximately 21.6 tons/year of carbon monoxide (CO), 1.14 tons/year of nitrogen oxides (NO) 0.48 tons/year of particulate matter (PM), 0.33 tons/year of sulfur dioxide (SO<sub>2</sub>), 0.188 tons/year of volatile organic compounds (VOC), and 0.24 tons/year of hazardous air pollutants (HAPS). Due to low actual gas flow rate to the flares, actual emissions are expected to be much less than represented above.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57 Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, within 14 days of publication of this notice.
